(3) Where the Council, after considering the inspection report on a training hospital, is of opinion that the hospital ought to be approved under these Regulations without further inspection, it may approve the application forthwith and in any other case it may impose conditions whereby approval shall have effect for a period not exceeding six months; and if within that period it is satisfied that its requirements have been met it shall thereupon confirm its approval.

(4) Inspections of a routine nature shall be carried out in all approved training schools at least once in every three years.

(5) The approval of the Council may in proper case (of which it shall be sole judge and from whose decision there shall be no appeal) at any time be withdrawn, and an action shall not lie at the suit of any person aggrieved by the withdrawal or as the case may be, the refusal of the Council to approve a training hospital under these Regulations.

## **2. Minimum requirements for approval**

(1) To qualify for approval under these Regulations as a training hospital, a hospital shall have-
